PROJECTS

MAKE MY DAY

React, NodeJS, Socket.IO, MUI, Psql

- Capstone project at Lighthouse Labs. A project management app that allow users to communicate with team members through WebSocket. A Kanban board with drag and drop feature and filtering method. Live demo on Github.

SCHEDULER

React, NodeJS, Psql

- An SPA for users to schedule appointments with interviewers. Users can also edit and delete appointments. TDD with Storybook, Jest and Cypress.

SMART TO-DO LIST

JQuery, NodeJS, Axios, Psql

- A "smart" to do list that utilizes external API calls to organize tasks into a specific keyword.

PROFESSIONAL EXPERIENCE

REALTOR

Macdonald Realty | 2018 - 2020

- Prepared legal documents, marketing materials and contract of purchase and sale. Setup appointments for showings, and accompany clients during inspection. Prepared comparative market analysis for prospective sellers. Assisted other Realtors by setting up open houses.

INSURANCE CSR

Tony Lau Insurance | 2015 - 2018

- Advised clients on coverage options on home, auto and travel insurance. Worked with insurance underwriter to find suitable coverage for potential and existing clients. Other responsibilities included: processing payments and cancellations, documenting calls with CRM, retaining clients through remarketing and assisting clients with claims process.

EDUCATION

LIGHTHOUSE LABS

Diploma in Web Development | 2021

- An intensive 12 week program covering JavaScript, NodeJS, JQuery, SQL, React and Ruby on Rails. Multiple group projects requiring collaborative version control.

KWANTLEN POLYTECHNIC UNIVERSITY

Diploma in Business Administration | 2009 - 2011
